Examiner's Amendment & Reasons for Allowance

Examiner's Amendment

* An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following has been amended:

In **Claims 1, 4-8, 10-14, 17-18**, left and right brackets – ‘ () ’ -- are replaced with commas.

Reasons for Allowance

* The objections and rejections of record are withdrawn in response to Applicants' amendment.

* **Claims 1-18** is allowable over the prior art.

.1 The following is an Examiner's statement of reasons for the indication of allowable subject matter: the prior art is exemplified by **Alvarez et al.** *'Declustered disk array architectures with optimal and near-optimal parallelism.'*

Alvarez et al. teaches the placement of data and parity on redundant disks for improved performance during both degraded operation and on-line disk reconstruction wherein data is organized into stripes, each stripe containing a constant number of units and each unit being mapped to contiguous sectors of the same disk and wherein different units of the same stripe are mapped to different disks ...at 1st page in para. 2 line 1 et seq., and as illustrated in Table 1 and depicted in Fig. 9.

However, Alvarez et al. does not teach or suggest the combination of claim elements for the specific data recovery operations described therein.

.2 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
